

Practical information:

When: 30/06/2010

Where: Albert Hall Complex
Chaussée de Wavre 649-651
B-1040 Brussels

Registration: www.fedarene.org

How to reach the Albert Hall

From Gare du Midi

Take Tramway route 81 direction Montgomery. Arrive at stop La Chasse.
Walk to Albert Hall

From Brussels Airport

Take Bus route 12 direction Brussels City destination Luxembourg. Arrive at stop Luxembourg and walk to Bus stop 34. Take Bus route 34 direction Sainte-Anne. Arrive at stop La Chasse

or consult www.stib.be

Bioenergy markets for Europe under the same roof

AEBIOM European Bioenergy Conference &
RENEXPO® Bioenergy EUROPE

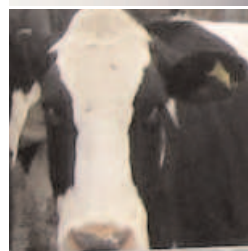

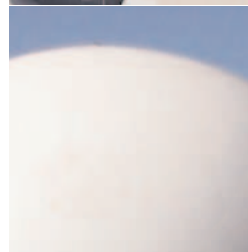

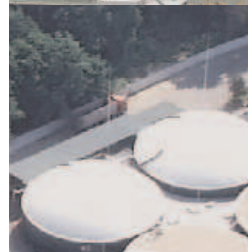

When: June 30th – July 1st, 2010

Where: Albert Hall, Brussels/Belgium

Programme & Registration: www.renexpo-bioenergy.eu

REECO and AEBIOM will organize the European Bioenergy Conference. The conference will be a platform for market actors to exchange ideas and information as well as a discussion forum for policy makers. The participants will receive updates on ongoing EU legislation and gain an overview of the latest developments of the bioenergy market and the state of the National Renewable Energy Action Plans. Topics will include biogas, biofuels, heating and electricity.

Biogas, more than an opportunity for the European Regions

Seminar

on the 30th of June 2010 - am
Albert Hall - Brussels

with the support of

Intelligent Energy  Europe

Based on the review that biogas production is still lagging behind in Europe in relation to the objectives fixed and its important role within the European Biomass action plan this project will foster the biogas development in European regions..

The mobilisation of synergies between the different sectors (local authorities, farmers and food processing industries) and their cooperation to implement projects will increase the realisation of biogas plants. The territorial approach facilitating partnerships between the different sectors and the elaboration of a strategy in each region will seek to overcome the obstacles and create a biogas friendly environment.

Seminar organised with the cooperation of:

- Rhônalpénergie-Environnement (FR)
- Internationales Biogas & Bioenergie (DE)
- Landesenergieverein Steiermark (AT)
- Lokale Energie Agentur - Feldbach (AT)
- Ente Regional de la Energia de Castilla y León (ES)
- Malopolska Regional Energy Agency (PL)
- Centre Wallon de Recherches Agronomiques (BE)
- Regione Abruzzo (IT)
- Agricultural Institute of Slovenia (SI)
- Severn Wye Energy Agency Limited (UK)
- European Federation of Agencies and Regions for Energy and Environment

Enjoy browsing through our website: www.biogasregions.org

You will find

- A compilation of framework conditions in Belgium, England & Wales, France, Italy, Poland, Slovenia and Spain.
- A comparison of Remuneration for energy produced from biogas in 9 EU countries (Austria, Belgium, England and Wales, France, Germany, Italy, Poland, Slovenia and Spain).
- A Regional Strategy and Action Plan for the Development of Biogas Production
- A Catalogue of shining examples
- A Communication Guides
- A quick check tool.....etc

Programme

- 8.30 Registration
- 8.45 **Welcome & Introduction**, Valérie Borroni, Rhônalpénergie-Environnement
- 9.00 **Biogas Frame & Context**
Moderator: Valérie Borroni, Rhônalpénergie-Environnement
- 9.05 → Legal framework of the European Union- Report on the sustainability of the Biomass, *European Commission - DG Energy (tbc)*
- 9.20 → Biogas perspective in Europe and opinion on the European RES regulation, *Sebastian Stolpp, European Biomass Association*
- 9.40 **Future Perspectives - the most promising sectors**
Moderator: Dario Dubolino, EACI
- 9.45 → Agricultural methanisation as renewable energy source, *Julien Gallienne, Climate Officer, Permanent Assembly of the Agricultural Chambers of France*
- 10.00 → Biogas, an opportunity for the agricultural sector, *Bruno Sander Nielsen International Federation of the Agricultural Producers*
- 10.15 → *Biogas perspectives for the Agri-food industry, Dirk Halet, Fevia (Fédération de l'Industrie Alimentaire)*
- 10.30 Coffee break
- 10.50 **Biogas in the European Regions**
- 10.55 → The rationale for Anaerobic Digestion and the Biogas Regions Project, *Andy Bull, Severn Wye Energy Agency*
- 11.10 → Technical Support of a biogas plant, *Valerie Borroni, Rhônalpénergie-Environnement*
- 11.25 → Facilitating Biogas Projects (Non-Technical Support), *Christian Sakulin, Landesenergieverein Steiermark*
- 12.30 → Round Table: Biogas contribution to the 20% RES target *Valerie Borroni - RAEE, Andy Bull - Severn Wye, Christian Sakulin - LEV, Iris Flacco & Francesca Bisesti - Regione Abruzzo, Maria del Puy Dominguez - EREN, Tomasz Lis - MAES, Tomaz Poje - AIS, Christelle Mignon - Valbiom, Martin Henßler - Schwäbisch Hall, Karl Puchas - LEA.*
- **Conclusion**
